## QUALITY SNEEZE GUARDS, CAPABILITIES AND EXPERIENCE

Quality Sneeze Guards By Hardware Specialties has over 80 years of experience producing products for the industries it serves. Introducing sneeze guards to its product line in the 1960's, Hardware Specialties has learned a lot about what it takes to manufacture quality sneeze guards. We've also learned what it takes to satisfy our customers' needs, who have very high standards when it comes to quality products.

We manufacture all of our standard and custom sneeze guards from our manufacturing facility in Ontario, California. So, if it's stainless steel sneeze guards your looking for, we can provide you with a top quality product at affordable rates. And what's more, our standard quality sneeze guards are ready to ship to anywhere in the U.S.A. or internationally.

## ENHANCE CUSTOMER EXPERIENCE = INCREASED CUSTOMER SATISFACTION

Aside from new products and services offered, consumers are looking for experiences that are engaging and pleasing to them. When a customer enters your business, they may not realize it, but they are judging you by the looks of your business. It influences the way people connect. It's important to maintain a clean, tidy, and professional space to ensure a positive and memorable experience. A clean retail space will attract and engage your customer while increases the chance of purchases, return visits, and recommendations. When your customers have a pleasant experience at your business it can boost your brand image.

We at Hardware Specialties are confident that we can design and build the perfect custom food display, shields, and a sneeze guard system for your business which is great for both hygiene and functionality. We're committed to providing you with the perfect solution for your business.

## MAINTAIN CUSTOMER SAFETY AND PEACE OF MIND AT ALL LEVELS OF INTERACTION.

We can design and build the perfect custom protective barrier for your business with local health code specifications in mind. Our permanently mounted guards are a wise investment for your business and wallet for the long term. Hardware Specialties is committed to providing a smart solution for all your protective needs.

### Some of the most popular types of sneeze guards / protective barriers include:

**Permanent:** A permanent sneeze guard will offer lasting durability when installed on any countertop or flat surface. It's great for industries that need continuous protection for your employees and customers.

**Counter-mounted:** We attach these sneeze guards to countertops or other flat surfaces by permanently mounting the guards or attaching them with brackets.

**Portable:** If your business only needs sneeze guards for our short time, you can use portable sneeze guards that may be easily move, from one place to another.

All of our sneeze guards function as one unit with high-quality parts that ensure the structure stays safely together. *\*Glass not included unless we install it.*
